TO WHOM IT MAY CONCERN

Dear sir/madam,

We have engaged Matoto Technologies since June 2020 when we initially had a major problem with our previous IT service provider, whose servers had crashed. Matoto Technologies were extremely efficient and timeous in getting our systems back on line and ensuring that we could continue our operations with minimum downtime. Being in the vehicle rental sector, we are extremely dependent on a stable and secure IT service in order to keep track of our assets and their costs, and Matoto Technologies gives us the confidence in this regard.

Matoto's staff are highly knowledgeable, efficient and pro-active in maintaining the systems under their control as well as recommending and initiating upgrades as required. Their 24 hour service and response times to problems has been impressive and the personal touch of having an account manager always available makes us recommending them a no brainer.

I highly recommend Matoto Technologies as the IT service provider for your organisation and believe that they will definitely contribute positively to your organisation. Should you require any further details, please feel free to contact me on 011 589 8250 or by email on [info10@dynamicz.co.za](mailto:info10@dynamicz.co.za).

Thanks and Kind Regards,

**Nevar Needhi**

Finance Manager
