To Whom It May Concern:

Letter of reference for Matoto Technologies

We would like to take this opportunity to briefly outline the work that Matoto Technologies does for CAPASSO (Composers, Authors and Publishers Association NPC).

We opted to strategically align ourselves with Matoto Technologies after we had been aware of the incredible work they do in the ICT sector.

We have found that Matoto Technologies have a firm grasp of technical details and have quick turnaround times to our queries. Their technicians are highly skilled at recognizing issues and quickly attending to them.

In short, as a company we would recommend Matoto Technologies' services to any company that is looking for an efficient ICT Solutions provider.

Sincerely,

Kelebogile Phehle  
Management Accountant (CAPASSO Executive Committee Member)
