To whom it may concern

It is with great pleasure that I write this letter in my capacity as co-founder and Director of CN Outsourced Finance. We engaged the services of Information Technology from Matoto Technologies since August 2015, and we are pleased with the professionalism and customer service that we receive.

Staff members are all helpful and they are a client centric organisation.

We would highly recommend and refer their services to other clients.

Regards

Chwayita Deliwe
