Fax: 0862334071/031 771 6004

To whom it may concern

We are a furniture store based in Midrand, as an SMME it was really difficult for us to find an ICT Services and Monitoring. A company which understood our needs and operations. Upon which we decided to partner with Matoto Technologies.

Over the past year of operations, we are a happy and satisfied client.

We as a company would highly recommend Matoto Technologies as a services provider, as they have managed to maintain and exceed expectations.

Should you require further information, please feel free to contact me on the above.
